Moving Florida Forward

In Governor DeSantis' Framework for Freedom Budget, \$14.7 billion will be set aside for transportation infrastructure across Florida. The investment is in addition to the "Moving Florida Forward," which will invest \$4 billion to expedite 20 transportation projects relieving congestion across the state, which will be leveraged for a total of \$7 billion. The budget proposal addresses the immediate need for congestion ease and perpetual safety on our roadways and supports resiliency in existing and future projects. It keeps the Florida Department of Transportation (FDOT) as a national leader in transportation technology, all while supporting a robust and active supply chain.

"The magnitude of Governor DeSantis' proposed investments in transportation infrastructure is historic and truly reiterates his commitment to Floridians' quality of life. As our population continues to increase, it's imperative for that growth to be reflected in a diverse and resilient transportation network," said Florida Department of Transportation Secretary Jared W. Perdue, P.E. "Governor DeSantis' Framework for Freedom Budget will address congestion and enhance safety on major roadways, as well as reaffirm his dedication to facilitating a healthy supply chain, promoting economic growth, and preparing Florida for the future."

PROJECT LIMITS

Interstate 95 (I-95) at U.S. 1 Interchange in Volusia County

FUNDING

\$340 Million

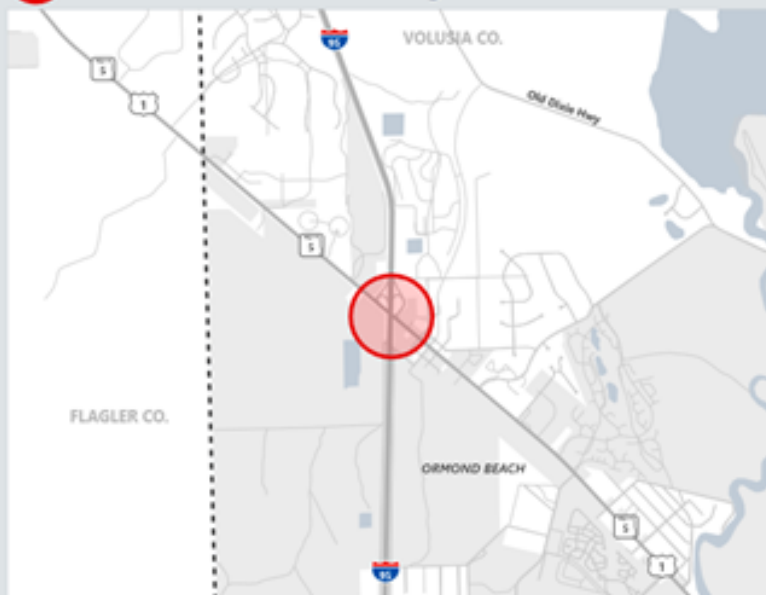

CONSTRUCTION YEAR

2027

PROJECT DESCRIPTION

Improvements will be made to the I-95 interchange at U.S. 1 in Ormond Beach. Approximately one-mile segment of U.S. 1 between Plantation Oaks Boulevard/ Broadway Avenue and Destination Daytona Lane will be widened from two lanes in each direction to three. This widening includes the addition of shared use paths to serve bicyclists, pedestrians, and other users. For additional project details, please visit <https://www.flroads.com/project/419772-2>.

20 I-95 at U.S. 1 Interchange in Volusia Co.
