# NONPROFIT OF THE YEAR

## BOYS & GIRLS CLUBS OF VOLUSIA/FLAGLER COUNTIES

For more than 34 years, Boys & Girls Clubs of Volusia/Flagler Counties (BGCVFC) has inspired and empowered young people to reach their full potential. Since 1992, the organization has served more than 60,000 youth across Volusia and Flagler Counties. Today, eight Club locations serve nearly 2,000 young people annually through programs focused on academics, leadership, workforce readiness, STEM, the arts, athletics, mentoring and career exploration.

Guided by its vision, "Greatness Starts Here: Innovate. Reignite. Grow.," BGCVFC is expanding opportunities in emerging technologies, workforce development, STEM and career exploration. In 2025, it was selected as one of only four Boys & Girls Club organizations nationwide to partner with The Boeing Company, receiving a $75,000 investment for Future U Launchpads focused on aerospace, engineering, STEM and virtual reality. The organization also advanced construction of its first dedicated teen center, expanded workforce programming and began restoring its New Smyrna Beach Campus following Hurricanes Ian and Nicole.

BGCVFC's impact extends throughout the community through partnerships with schools, businesses, healthcare providers, government agencies and nonprofit organizations. As the lead youth development agency for the Volusia County Children and Families Advisory Board collaborative, BGCVFC helps coordinate resources and services for children and families. Through these partnerships, the organization strengthens families, prepares the future workforce and creates opportunities for young people to learn, grow and build a Great Future.
